To see all of his regular Patients and such new Cases, as may wish to consult him. Dr. Finch enjoys a state wide reputation. among the profession and the Public of Indiana, where for more than Forty Years he has devoted his entire time to the Study, Treatment and Cure of Chroric Diseases. The Doctor has had wonderful success in his chosen work, that of curing chronic sufferers, Men, Women and Children. The Patients he has restored to Health after they had given up all hope of being Cured are numbered by the Thousands. He is a kind, generous democratic gentleman to meet, of high scholarly attainments, and dignified personality. Coupled with a Fatherly interest, in all who seek his advice. He does not take a Patient for Treatment unless he can foresee a Cure of the Case. The most commendable feature of his work, and one that appeals to the ordinary sick person, is the fact of his charges being so reasonable and moderate as to make it within the reach of even the very poor. At no time do the charges amount to more than \$7.00 a month or about \$1.50 Examined and approved this, the 3rd | a week. He gives his own medicines and there are no extra Charges. It takes him never more than from four to six Months to Cure a Case under Treatment. All Cases, even those who have been given up as Incurable or Hopeless, have been Cured and restored to perfect health by this Brillian: Physician and the

wonderful methods he employs.

If you want to meet him and have him examine you, go to see him, and talk the matter over with him. It will cost you 25 00 revival meetings. Meetings have nothing if he does not put you under-12 00 been held for the past two weeks at treatment. If he takes your case, it will cost you a very small sum to get well.

Remember the Dateand come early.
